Salute!

To support patients and families living with Li-Fraumeni Syndrome

The Li-Fraumeni Syndrome Association presents ***Salute!*** Boston, a special evening dedicated to the health and support of patients, family and friends in the fight and prevention of genetic cancer.

Cancer touches all of us at some point in our lifetime, whether personally or through a friend or family member. But those living with Li-Fraumeni Syndrome (LFS) are at a much greater risk. Patients live with cancer or a potential cancer diagnosis every day of their lives, often beginning in childhood and frequently with multiple occurrences.

Proceeds from this event will help to sponsor children living with LFS by providing access to valued summer camp experiences, whole body MRIs, our inaugural youth workshop in August, patient conferences and ***more.***

the BRAHMIN
american cuisine & cocktails
